Subject: SMBC DRUM Info paper

Good Afternoon Kevin,

I have attached the draft information paper that Brent and I wrote up based on our discussion last week. I wanted to get your review before I send it to our support contractor and Jay to ensure we are representing the information accurately, especially the “EPA’s Vision” and “Expected Collaboration” sections. Feel free to use track changes to make edits and comments.

Please let me know if you have any questions or need anything from me at this time.

Thanks again for the great discussion on Friday and for sending over the pertinent information to help us get this together so quickly!

Best,

Mary Young
